Dalya Estate Vineyard is a boutique, organically and sustainably farmed, 2-acre site at the intersection of the Russian River Valley and Sonoma Coast—an area renowned for its cool climate and diverse soils, ideal for premium Chardonnay. The fruit is whole cluster pressed and fermented with native yeasts, then aged sur lie for 18 months: 50% in concrete egg and 50% in 600L French oak barrels (25% new). This meticulous élevage enhances purity, minerality, and texture, resulting in a Chardonnay that is both complex and expressive of its unique terroir.
