

# BARBERA D'AMADOR

## SIERRA FOOTHILLS

### Winemaker Notes

Barbera is an Italian grape variety that was planted in California around 1880 and is still thriving. Our Barbera d'Amador is made solely from grapes cultivated in our Estate Vineyard at around 1500 ft elevation. The wine delivers an authentic taste with a deep color and rich natural acidity, making it an ideal accompaniment to food. Bright notes of red cherry, cranberry, and cedar define the medium-bodied profile of the wine. It is a perfect pairing for bolognese sauce.
