### HORSE HEAVEN HILLS DISCOVERY VINEYARD

*Overlooking the Columbia River just east of the Columbia Gorge is the exciting American Viticultural Area (AVA) of Horse Heaven Hills. It is a diverse appellation, shaped predominantly by the great Missoula floods. Wind and the elements play a definitive role in the character of the wines produced here.*

*The grapes from Milo and Kay May's Discovery Vineyard, overlooking Crow Butte, are a stunning example of the depth of flavor possible in this appellation. Intense inky fruit, and bottom notes of briar and damp forest, are predominant characteristics returning vintage to vintage.*
