

SUMMIT SERIES

CANOE RIDGE VINEYARD

2022

SEMILLON

COLUMBIA VALLEY

TASTING NOTE

This Semillon showcases aromas of honey and lemon zest which lead to notes of white peach, candied pineapple, and dried apricot, and finishes with a fresh and balanced mouthfeel.

VINTAGE BACKGROUND

The 2022 harvest had a slow start in Washington due to an unusually wet and snowy spring. Despite a few days with temperatures breaking 100°F, temperatures across the state tended to stay within the optimal ripening zone throughout the summer months. While autumnal rain falls further delayed the completion of harvest until late November, fruit was plentiful. The white varieties from this 2022 vintage have shown lovely aromatics and acid.

AVA BACKGROUND

56% CANYON VINEYARD RANCH, 44% PHIL CHURCH , COLUMBIA VALLEY

Known for its many and varied microclimates (cool, warm, windy, hilly, flat), Columbia Valley is the umbrella AVA under which many of the state's sub-AVAs fall. While it contains 99% of wine grapes grown in Washington State, 6,851 of its acres are unique to the Columbia Valley and don't overlap another sub-AVA in the state.
