2023 PINK RABBITS ROSÉ BY FORGERON

VINTAGE NOTES

Budbreak in Washington was spotted in the late Spring, which started out cool but heated up considerably in May resulting in low-yields for some vineyards. The hot days pushed 2023's cool start, which was tracking two to three weeks behind towards more recent norms, with bloom seen across the state's vineyards around mid-May. After back-to-back unusual vintages, 2023 was the kind of vintage that we have come to expect in Washington state.

SENSORY NOTES

The 2023 Pink Rabbit Rosé is a delightful blend of Picpoul and Barbera. As combination as rare and unusual as, well, Pink Rabbits. The Picpoul delivers chamomile and citrus rind on the nose and the Barbera imparts a touch of red berry. The acid is bright and refreshing and lingers well into the finish. Your eyes will be delighted to see the pale pink, salmon hue. Serve this with sunshine and fresh cut flowers on a warm day.
