

## 2022 FRIAS VANGONE

The grapes for this wine were hand selected in the vineyard when they were harvested on September 12 and 16 and then hand sorted twice in the winery to make sure only the best reached the fermentation tanks. Once in the tank, the grapes sat cold a few days developing color, flavor and aroma before starting to ferment. The tank was gently punched down and pumped over for 18 days to extract all the color, aroma and flavor from the grapes carefully, then the juice was drained and skins pressed before being filled into barrels. The wine finished a native malolactic fermentation in the barrels in about two months and was aged for 19 months in small French oak barrels (57% new) and bottled in May 2024.

### WINEMAKER NOTES:

The wines spent 19 months in French oak barrels. The wines show the best of their vibrancy in the first decade--while being able to age longer--and in the short term benefit from being decanted to allow them to open up fully. Notes of cherry and baking spices with big chewy tannins and a nice plum, raspberry and dark cherry finish.

### THE FRIAS STORY:

*In 1977 Manny Frias Sr. purchased 100 acres at the base of the iconic Spring Mountain District in Napa Valley. In 1985, five of those acres were planted, and FRIAS Family Vineyard was born. The first vintage was 1991, and since then, the vineyards have expanded to over 13 acres planted to Cabernet Sauvignon. FRIAS also produces wines from single vineyards in Oakville and Yountville from families with whom they have long-standing relationships. Second-generation brothers Fernando & Manny Frias Jr. are now at the helm, and continue the quest for excellence with their family-owned and artisanal winery. Winemaker Todd Heth has been with the team since 2004 crafting these polished and powerful wines.*
