WINERY

WILD EYED

Syrah | Red Mountain | 2019

Winemaking Notes

Quintessence, Olsen and Angela's vineyard provide the fruit for the 2019 Wild Eyed syrah. The combination of four premium syrah clones give us wonderful blending tools in the cellar. Clone 383 offers dark, brooding aromatics and flavors, while Clone 174 brings expansive primary fruits and sweet spice. Clone 877 bridges the gap between clone 383 and clone 174, with beautiful layers of sweet fruit and a dark, savory core. The Phelps clone ties the wine together with it's amazing purity and intense profile. Our goal with the Wild Eyed is to offer a glimpse of warmer climate Washington State syrah. The wine is specifically aged in thick staved 500-liter French oak barrels. We find these larger volume barrels help create a wine that has a great purity of fruit with improved textural qualities. The fruit was hand harvested between September 12th and September 28th, 2019. The wine was fermented in 1.5, 2 and 5 ton open top fermenters for 7-10 days. The wine is lightly pressed to barrel where it finishes primary and secondary fermentation and is aged for 18 months in 29% new, 500-liter French oak barrels.
