his hybrid grape of Grenache Gris and Muscat was originally created in 1948 by Professor Olmo at UC Davis, making it a fairly new grape in the viticulture world. A fun and light hearted wine that is both flirty and sassy, just like your Maid of Honor!

Tasting notes

A unique crossing of Muscat and Grenache Gris vines makes this seductively aromatic wine an appeal to the senses. Aromas of summer melon, pear and rose petal. Bright flavors of white peach, honeysuckle, and hints of mandarin orange and meyer lemon shine through a delightful acidic balance. Minimal residual sugar allows for a softly sweet wine to balance fun aromatics.

Pair this wine with Curry, thai and asian spiced foods create a perfect compliment to this light white. Spiced and savory desserts are a must for the Maid of Honor.
