

Vitae Springs Grüner Veltliner 2021

This Grüner Veltliner is a traditionally Austrian variety and is coming from some of the oldest vines in America. Our historic block at Vitae Springs was planted in 1980 from cuttings from Europe.

15 months in 50 %Neutral French Oak Barrels and

50% New French Acacia

Rootstock: Self Rooted

Year Planted: 1980

Harvest Date : October 14th, 2021

13% ABV

pH: 3.29

Elevation: 600-800 ft

Soils: Jory, Nekia

Vitae Springs Vineyard

Vitae Springs is a regenerative sustainability project.

This is a historic vineyard, with 50+ year old, self rooted vines. It is an incredibly delicate ecosystem, and we hope to preserve these old vines through our efforts to nurture the natural systems here.

At Vitae Springs Vineyard our focus is on nurturing the soil's natural vitality, enhancing its microbial diversity and mycorrhizal colonization. By doing so, we ensure that our vines thrive in a living ecosystem

that is rooted in the principles of sustainability and complex natural systems. Our vineyard is more than just a place for grape cultivation; it's a dynamic, interconnected system where organisms

coexist and play complementary roles. This diversity fosters resilience and balance. As we move away from input-intensive practices, we judiciously use only essential fungicides and a minimal amount of foliar nutrition to maintain the health and quality of our grapes.

Tasting Notes and Pairing

Notes of lemon zest, fresh hericot-vert, saline, and white blossoms. Pair with roasted chicken breast, arugula salad, or roasted cabbage and pork. Best served at 45°F-60°F.

Willamette Valley
